# Hybrid - Family Model

## Details:

Families will be split into two groups. One group will come the first and third Sundays of the Month while the other group will come the second and fourth Sundays. The teens at home will be able to watch a livestream and/or complete a packet for the weeks they are at home. If a teen is ever sick or doesn't feel comfortable coming in person, then they can complete the at-home work. We will seek to continue offering additional online elements to build community with our teens virtually.

(To ease into the school year, since there is potential for an increase in positive cases once in-person school starts, we will begin by just meeting in-person once a month.)

We will seek to continue offering additional online elements to build community with our teens virtually. These will include Zoom small groups with activities like watching European Soccer games together or showing off artwork. We will take a survey to see the teen's interests.
