graphic specs 1000px x 1000px

*margin specs*50px left, right,50px top, bottom

any photography should be natural, black and white since these templates will be shared with a broad range of ministries, template fonts are standard on both PC and MAC operating systems and commonly used creative software (ie: Powerpoint, Illustrator). this guide is made specifically with this template in mind.

left side

38pt Times Regular
38pt Times Italic

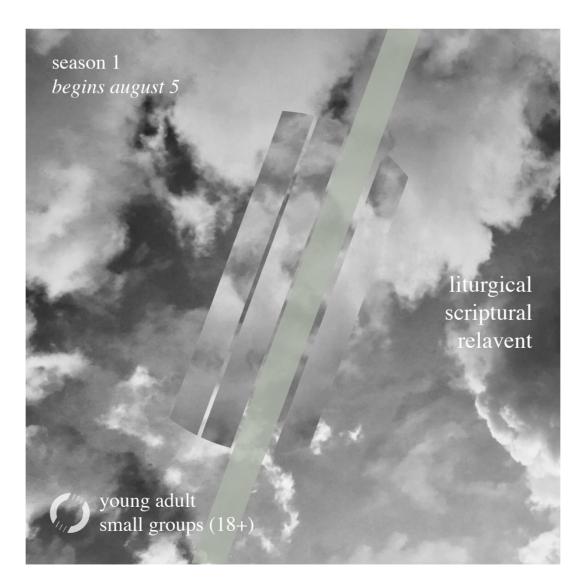

right side

48pt Times Regular

use all lowercase letters/no capitals
use same color for all fonts (preferably pure white #FFFFF)

clear, direct tier 1 messaging

- sparingly use italic; only use to highlight action (ie: begins, starts, sign up now, join today, see you saturday, etc.)
- use a max of 2 lines of text
- do not extend text beyond far left side of colored stripe

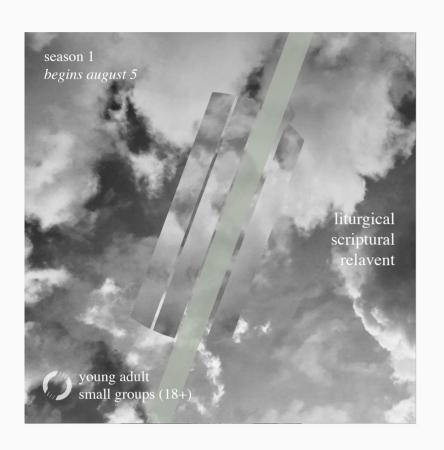

minimal, impactful callout for supplementary messaging.

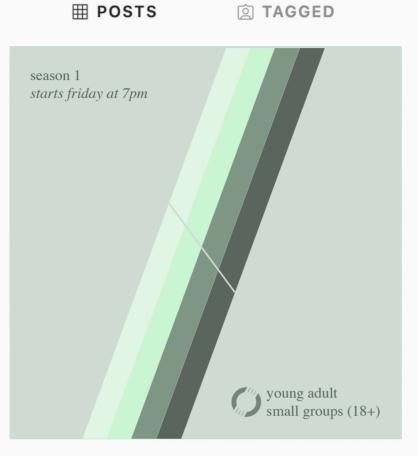

- use a max of 2 words per line
- use a max of 5 lines of text
- maintain minimum of 50px distance on all sides

clear, direct tier 2 logo

- use a max of 2 lines of text
- maintain minimum of 50px distance on all sides
